## NEW ITP PLANT SOURCE Garden

We're not quite sure what "organic modernism" means, but Garden's self-proclaimed aesthetic seems to fit. Owner-landscape designer Matthew Klyn has long been known for innovation, and in his new boutique, his fierce imagination takes an urban focus. Signature terrariums, hydroponic plant walls, exotic plants, and low-maintenance installations—grounded in sustainable practices—promise intriguing plantscapes. 1168 Howell Mill Road, 404-941-9154, gardenatl.com
