BEST RECESSION- PROOF NEIGHBORHOOD

The economy has taken a bite out of development all over town, but Atlanta's **WESTSIDE** is still humming. It's a hot dining destination — with new additions including Antico Pizza Napoletana,

Yeah! Burger, Bocado and Abattoir. It's a nightlife spot — JCT. Bar, Ormsby's, Northside Tavern. And, of course, it's a retail mecca, what with Star Provisions, Sid Mashburn, Room & Board and a good chunk of the city's home décor stores. Word is, Anthropologie is opening its next store there as well. Go west, young shopper. www.westmidtowndesigndistrict.com
